To Whom it May Concern

#### **MOTIVATIONAL AND WORKSHOP SESSIONS: SHAKES DLUTU**

Shakes Dlutu was involved in several sessions at Pep Clothing. Our relationship with him started with a motivational session to 2000 employees in January 2017, the opening day after annual shut-down. His theme of 'Letting Go' was received with overwhelming enthusiasm and set the tone for the year ahead.

The interactive way he delivered his message was extremely successful and employees from all levels were able to understand, learn from and enjoy his message. Shakes has a very unique way of conveying a message, which makes his approach ideal to the diverse demographics of our Company.

Shakes delivered a powerful message of letting go of negative things which has now become part of the language we speak at Pep Clothing. We have incorporated the theme into our Culture Calendar and regularly have themes on 'Letting Go' of specific topics.

Shakes also presented a workshop for our senior managers on 'Letting go of negative leadership behavior'. The managers actively participated in the workshop and took many learnings with them which they still use on a daily basis.

We will definitely invite Shakes to similar occasions in the near future.

Kind regards,

Marthie Raphael
